Districts are identified with the Arizona Department of Education, Information Processing district coding. The first two digits of this number represent the county, the next two digits represent the type of district, and the last two digits represent the district number within county. District schools and district sponsored charter schools are identified by nine digit codes. The first six digits are the district the school is a part of or the district of sponsorship (for district sponsored charter schools only), as previously defined. The final three indicate the school number (000 represents the district office). In the case of district sponsored charter schools, school numbers of 700 or greater indicate a district sponsored charter school.
